Design and development of web sites and applications, especially proprietary CMSs and with great care for web accessibility, such as: <http://www.memotef.it/>; <http://www.congressifrentani.it/>, etc.

Istituto Professionale di Stato "Sisto V"

Teacher - From October 2007 to May 2009.

Teaching of basic information technology, Adobe Flash and Adobe Dreamweaver softwares, and web design fundamentals to high school last year's students.

Education

Information Technologies

Faculty of Sciences - Università degli Studi di Roma "La Sapienza" - From 2005 to 2008.

Exams of professional interest: Programming 1, Programming 2, Object Oriented Programming, Applied Programming, Network Programming, Software Engineering, Operative Systems 1, Computer Architecture 1, Computer Architecture 2, Algorithms, Mathematical Logic.

Computer Engineering

Faculty of Engineering - Università degli Studi di Roma "La Sapienza" - From 2003 to 2005.

Exams of professional interest: Information Technology Fundamentals, Programming Techniques, Applied Programming, Software Design 1, Operative Systems 1, Telecommunications 2, Formal Systems and Languages.

Secondary School on Humanities

Liceo Ginnasio Statale "Giulio Cesare"

From 1998 to 2003, with 81/100 grade.

Languages

Mother tongue: **Italian**.

English

Comprehension: advanced level.

Oral production: advanced level.

Written production: intermediate level.

Computer Skills

HTML 5 / CSS3

Excellent knowledge, with great care for WHATWG and W3C standards, WAI/WCAG accessibility specifications, cross-browsers and cross-devices compatibility (conditional instructions, fallbacks, graceful degradation, media queries, etc.).

Excellent knowledge of Bootstrap framework and LESS extension.

PHP / MySQL

Excellent knowledge, with great care for code optimization (DRY principle), for performance and for MySQL database interactions.

In addition, I created from scratch an entire CMS, proprietary and closed source, in PHP/MySQL, used to back almost every website created by my agency until 2012.

JavaScript / jQuery

Good knowledge, with great care for AJAX applications.

Good handling of AngularJS framework.

WordPress

Good knowledge of themes and plugins development and built-in functions customization.

Typography

Great interest in web typography and its problems (compatibility, readability, aesthetics, etc.).

I've created several custom fonts, of which three were used in a thesis for a second level degree regarding deciphering of "cypro-minoan" alphabets.

LAMP / MAMP

Good knowledge of LAMP and MAMP stacks, which I use daily as development servers.

Facebook, Twitter, Google+, Tumblr, Steam, etc.

Good knowledge of main social networks' developer APIs.

Good knowledge of Tumblr themes development.

Other programming languages

Basic knowledge of C and Java.

Operating systems

Good knowledge of operating systems Mac Os X 10.5 (Leopard), 10.6 (Snow Leopard) and 10.8 (Mountain Lion), Linux Debian (mainly Ubuntu) and Windows 95/98/ME/NT/2000/XP/Vista/7/8/8.1.

Other softwares

Good knowledge of the Adobe suit (Photoshop, Fireworks, Illustrator, Flash, Dreamweaver, Premiere).

Great knowledge of Coda 1 and 2, Sublime Text 2 and 3, Less, FileZilla, Transmit, Sequel Pro.

Good knowledge of Microsoft Office, LibreOffice and OpenOffice suits.

Additional information

I've always been passionate about music, with great interest for the 80s American underground scene and contemporary English electronic one. I've created several electronic tracks (some of them are available at <http://soundcloud.com/copons/>), entirely realized with Ableton Live 8.

My passion for videogames has led me to contribute to several magazines. In addition, I've created with some friends the website Gioca Giuè (<http://www.giocagiue.it>), a satirical view on videogaming.

Publications

I've published the results of a statistical research I did for Fondazione Metes (a subsidiary of CGIL, the main Italian union) in a pamphlet. I've also published for Universität zu Köln (University of Köln) a historic and linguistic research regarding deciphering cypro-minoan alphabets.
